Good morning Ms. Elizabeth,

I left a voicemail on your office phone earlier this morning. City was able to meet this morning and discuss the access agreement form provided by you earlier. City was wanting to schedule a tentative date for when EPA could come visit us here at City hall to discuss the access agreement and some other items (SOW, Public meeting date, Sampling at Joppa Preserve).

Could EPA provide some dates during the week of Oct 22nd? I will ensure our stakeholder departments are available and that we reserve a conference room large enough to accommodate and request visitor parking underneath City hall for EPA staffers.

When we have a tentative date, I will also provide a meeting agenda as well.

Please let me know of when we can meet or if you have any questions, comments, or concerns.

Joseph Vu MS, P.G.

Hi Joseph,

Just checking in to see if you had found some availability for us to talk about the consent to access form. To help facilitate our discussion, Ken put together the attached draft map of potential sampling locations. I don't have the exact addresses yet, but hopefully this map will be helpful in getting a general idea of where we would like to sample. Our initial sampling effort will probably take around 3 to 5 weeks, as you can see in the notes in Ken's map. We may need to do additional sampling based on the results of the first sampling effort, and we may need to wait on funding to do the next phases of sampling once we know they are necessary—this can take as long as a year. Thanks and I look forward to discussing with you and the City.

Sincerely,
Elizabeth

Good morning Ms. Elizabeth,

I would like to get in touch with everyone on our end to see when we would be available. Brett Johnson (Jonathan) is out of pocket until next Monday.

Hello Joseph,

Thank you for these questions! I am circling back with the Site team to gather all the information. The most efficient thing may be for us to set up a call with the City, Ken Shewmake (the remedial project manager) and myself so we can answer all your questions. Does the City have availability later this week or next?

Thank you again,

Elizabeth

Subject: RE: City of Dallas Legal Counsel contact

Good afternoon Ms. Elizabeth,

CAO and others are still discussing the document you provided earlier. In the meantime, City would like to request, so it may be referenced in the access agreement, a figure depicting the locations of the proposed sampling locations, a scope of work that is proposed, duration of how long the sampling and installation will be, and a list of addresses that EPA is requesting access for.

We would like to confirm the property addresses to ensure City is the owner vs. Dallas County. If you recall in 2016, request from TCEQ for access spanned across several City properties as well as Dallas County properties. City manages the Dallas County property and the result was two access agreements between TCEQ and City.

The information requested will give City a better understanding of the location and property being accessed. Please let me know if you have any questions, concerns or comments.

Hello Joseph, and Art,

Joseph, thank you very much for putting me in touch with Art. Art, I have attached a draft consent to access form for the City of Dallas for the Lane Plating Site. As you have probably learned from Joseph, we at EPA are gearing up to begin remedial investigation activities. The team is hoping to do a Site visit in October. For the first phase of the investigation, we are planning on installing some groundwater monitoring wells and taking soil samples on City of Dallas property. Please take a look at the attached form, and then let me know if you would like to set up a time to chat.

Thank you again,

Elizabeth

Good afternoon Ms. Elizabeth,

I contacted our legal counsel for environmental matters, Mr. Art Bashor, his contact information is below and also cc'd. He should be the gentleman you need to be in touch with regarding access issues.

Please let me know if you need anything else, OEQ will continue to work with Ed Mekeel for the community meeting.

Art Bashor
